Undergraduate Research Training Initiative for Student Enhancement

(U-RISE)

U-RISE Fellows program (previously known as MARC U-STAR Fellows program) provides support for undergraduate students who are underrepresented in the biomedical sciences to improve their preparation for high-caliber graduate training at the Ph.D. level.

Trainees must be students majoring in the biomedical sciences who have expressed interest in pursuing postgraduate education leading to the Ph.D. upon completing their baccalaureate degree. U-RISE fellows are required to remain in the U-RISE program for a consecutive 24-month period at the final 2 years of undergraduate training, typically the junior and senior years. This period of appointment includes summer research training months as well where students conduct both an internal and external research experience. U-RISE fellows cannot receive additional support from any other federally-sponsored award that would otherwise duplicate the fiscal support of what fellows receive in the U-RISE program.

Applications and supporting documents should be emailed to TRMILLE2@uncg.edu. The subject line of your application should include: U-RISE [YOUR FIRST NAME] [YOUR LAST NAME].

Completed application packets will include:

- Completed and Signed Application
- Completed Essay
- Unofficial Transcripts from all colleges and universities attended
- Three (3) letters of recommendation, two of which will need to be from UNCG professors or instructors. Your references should also be directed to send their letters on your behalf to TRMILLE2@uncg.edu, with subject line: U-RISE RECOMMENDATION [YOUR FIRST NAME] [YOUR LAST NAME]
